

Dear Friends:

The lawns are beautifully groomed and healthy green. The flowers of fall are in full bloom. Farmers are harvesting grain and corn while the leaves are turning colour under the command of God. Truly His blessings are seen all around us.

It is easy to give thanks to the Lord for His blessings upon us when things are going well. But these are signs of the coming trials of winter; just around the corner when trials will come our way. Many are struggling these days to meet family needs. The high costs of heating, the never-ending increase on food with challenging increases in mortgages.

But God has assured us that He will supply all our needs in accordance with His riches in glory by JESUS CHRIST. (Philippians 4:19)

On Fathers' Day we shared chili, buns, and drinks with truckers. Margaret and Barbara assisted with serving and prayer. This man from Ukraine enjoyed 2 servings and took 1 for the road.

We are living in a time when we see the signs described in the Bible taking place before our very eyes. Jesus Christ is soon to return for His Bride, the Church. The present testing of the saints will cease.

Give thanks in all circumstances; for this is God's will for you in Christ Jesus. (1 Thessalonians 5:18) Father in Heaven: I pray that you empower us to give thanks in trials for it is for the perfection of our faith. Amen. You and I are special to God the Father, if we are His children! You did not choose Me, BUT I chose you and appointed that you would go forth and bear much fruit! (John 15:16)

Jim, 90 years young, dropped by to be a part of the ministry!

We appreciate your partnership in the ORC ministry to the men and women in the world of trucking. We realize that it is brothers and sisters like you who pray for this outreach, supply financial support, and volunteer at the chapel, building the kingdom of God.

The Napanee, Ontario, Pilot Flying J is undergoing remodeling of the interior, exterior, and parking lot. This has been a challenge, especially with the closing of the drivers' lounge, my special spot, which is a great place to make contact with drivers. The Lord is not hindered by the lumber and concrete. The drivers always find their way to the chapel for prayer and fellowship.

My experience at the chapel is full of stories about real people in a real world that has NO ANSWERS. Thank you for investing in this ministry. Each day we face a large parking lot full of trucks and each truck has a driver that desperately needs to come in contact with Jesus Christ.

A long hauler dropped by for fellowship and prayer for his family.

If the Lord has touched your heart about this ministry, you can participate by using our [Secure Donation Form](#) on the web site, via [CanadaHelps](#) or our [Facebook](#) page. We cannot do this without your participation. **Thank you, in advance, for your financial gift.**

May you have a wonderful Thanksgiving!
